BEFORE THE BOARD OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
in and for the STATE OF UTAH

IN THE MATTER OF THE APPROVAL OF)	
THE NOTICE OF INTENT AND RECLAMATION)	<u>AMENDED</u>
PLAN SUBMITTED BY MARTIN-MARRIETTA)	ORDER TO SHOW CAUSE
CEMENT, <u>JUAB</u> COUNTY, UTAH.)	NO. ACT/023/004

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION, MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS INTERESTED IN TOWNSHIP 14 and 15 SOUTH, RANGE 3 WEST, SLBM, JUAB COUNTY, UTAH.

Notice is hereby given that tentative approval was given by the Utah Division of Oil, Gas and Mining, on February 27, 1980, to Martin-Marrietta Cement, Western Division, P.O. Box 529, Lyons, Colorado 80540, to commence surface mining of limestone and quartzite in portions of Sections 32 and 33, Township 14 South, Range 3 West; and Sections 3, 4 and 5, Township 15 South, Range 3 West, Juab County, Utah. The name of the plant is the Leamington Cement Plant, and the person representing the company in this matter is Mr. Marv Berg, Quarry Superintendent, Martin-Marrietta Cement, Western Division, P.O. Box 529, Lyons, Colorado 80540.

Martin-Marrietta Cement has fulfilled obligations under the Mined Land Reclamation Act of 1975 (Section 40-8, U.C.A., 1953, as amended), and will employ the following reclamation techniques on approximately 273 acres of leased claims and Forest Service land.

During Operations:

1. Mining will be conducted in a safe, orderly, and minerlike fashion and in such a manner as to minimize visual and environmental degradation.
2. Prior to the construction, available topsoil will be removed and stockpiled for redistribution on disturbed surface areas at the time of reclamation.
3. Mining will be open pit mining with cut benches and will disturb approximately 228 acres with support facilities.
4. The raw materials will be stockpiled at the site until required for use in the cement processing plant.
5. The process plant and mine operation should employ approximately 300 persons at their peak.

After Operations:

1. All extraneous debris, scrap metal and wood, and unusable buildings will be removed from the site.

ORDER TO SHOW CAUSE
ACT/023/004

2. The mine quarries will be benched to a 45° slope and will be protected at the top by berms to prevent accidental entry.
3. The developmental wasterock stockpile will be recontoured to a stable slope and the surrounding area will be contoured to prevent water ponding.
4. The manufacturing area will be cleared and returned to a grazing condition.
5. Stockpiled topsoil will be respread over the disturbed surfaces to the extent possible and all areas will be scarified, broadcast seeded with a diverse seed mixture, and drag covered.
6. All disturbed areas will be monitored and reseeded if necessary.

Reclamation performance surety will be established upon final approval of the mining and reclamation plan.

Any person or agency aggrieved by this tentative decision is hereby requested to submit written protest within 30 days of March 6th, 1980, to the Division of Oil, Gas and Mining, 1588 West North Temple, Salt Lake City, Utah 84116, setting forth factual reasons for his complaint, and thereafter at a time and place heretobe established, appear before the Board of Oil, Gas and Mining to show cause, if any there be, why this plan should not be approved.

DATED this 28th day of February, 1980.

STATE OF UTAH
BOARD OF OIL, GAS AND MINING

Clara B. Feyh

THALIA R. BUSBY
Secretary to the Board
